DELL DOCK - WD19 130W

Power your productivity.

FASTEST CHARGING

Boost your PC's power with ExpressCharge on the World's most powerful USB-C dock.

FUTURE-READY DESIGN

Evolve as your needs change with the World's first modular dock with upgradeable power and connectivity.[2]

ENHANCED PRODUCTIVITY

Do your best work faster with a dock that offers the ability to connect to monitors and peripherals all with a single connection to the PC.

INTELLIGENT MANAGEMENT

Work without disruptions utilizing a single firmware on our most manageable docks ever.
Work at full speed.

Power your productivity.

Dell Commercial Docks boost productivity for end users by making it easy to connect to and charge their PCs faster than any other dock available[1]. Our docks are easy to deploy, manage and upgrade so IT staff can be more productive as well.

FASTEST CHARGING

Increase your power delivery and charge quicker with a dock that delivers up to 90 Watts of power allowing for an 80% charge in one hour with Dell ExpressCharge[3]. Get more done even faster, with Dell ExpressCharge Boost, a feature that provides up to a 35% charge in just 20 minutes[4] on compatible systems.

ENHANCED PRODUCTIVITY

Enhance your productivity with the World's most powerful USB-C dock. USB-C technology delivers data transfer speeds of up to 10Gbps and supports up to two Full HD displays so you can work more efficiently.

INTELLIGENT MANAGEMENT

Streamline the deployment and management of all of the docks in the family, regardless of their connectivity with a single firmware. Dell's docks are support enabled in our laptops' BIOS from the factory. Perform firmware updates in minutes without needing to reboot the system, allowing end users to continue working without disruption.

SUPPORT

Dell Commercial Docks come with a standard, 3 Year Limited Hardware Warranty with Advanced Exchange[5]. If the customer has an issue that cannot be resolved over the phone, Dell will send a replacement dock out next business day. Dell offers the option for customers to extend this warranty up to 4 or 5 years for an additional fee.

Recommended Accessories

DELL PREMIER WIRELESS KEYBOARD AND MOUSE - KM717

Enhance daily performance and productivitywith this elegantly designed mouse andkeyboard, which fits into virtually any workspace.

DELL 24 MONITOR - P2419H

Optimize your workspace with this efficient 23.8" monitor built with an ultrathin bezel design, a small footprint and comfort enhancing features.

See the Dell Commercial Docks Family Brochure for more information on our entire docking portfolio.

* Via single connection on the Dell Performance Dock WD19DC, functionality reduced to single USB-C, the same as the Dell Dock WD19.

** Latitude Chrome Enterprise 5300 2-in-1 and 5400 are USB-C systems and the recommended dock is the Dell Dock WD19 with 90W power adapter. The Dell Thunderbolt Dock WD19TB and Dell Performance Dock WD19DC are supported but functionality is reduced to single USB-C, the same as the Dell Dock WD19.

Precision 7530/ 7540/ 7730/ 7740 require more power than 130W, so when docked with the Dell Dock WD19 (130W/180W) or Dell Thunderbolt Dock WD19TB, the workstation power adapter needs to be plugged in for optimal operation. For the best experience with Precision 7530/ 7540 or 7730/ 7740, choose the Dell Performance Dock WD19DC which comes with a dual USB-C connector that provides up to 210W power delivery, so you no longer need an additional power adapter.
